

Blah Blah  
Jamie Anderson

She cares about the earth  
Pollution is such a bummer  
She's so spiritual  
Got a pagan sticker on her Hummer  
She talks and all I hear is

Blah blah blah ...

He talks about food and family  
TV and how much he earns  
If we were outside  
His tongue would sunburn  
He talks and all I hear is

Blah, blah, blah ...

It's what your dog hears when he's eating the cat food  
It's the adults in a Peanuts cartoon  
It's everything that you hear on Fox news (and this is for them)

Next time you yammer at me  
You go on ahead  
I've gone to my happy place  
All I hear in my head is

Blah, blah, blah ...
